DEVELOPMENT LAND

---

**TRURO HEIGHTS  
LAND**

TRURO, NOVA SCOTIA

## PROPERTY DESCRIPTION

### LOCATION & NEIGHBOURHOOD DESCRIPTION

The subject property is located in the village of Truro Heights, adjacent to the town of Truro and a six-minute drive from Millbrook.

The Truro Heights Land consists of 1 unique parcel totaling 59.9 acres of land. Spanning one zoning category there is significant potential for development, including single or multi-family residential. The land is serviceable by municipal sewer, but would require on-site wells. Located on the Northern edge of Truro Heights within Truro, this parcel of land is a significant urban in-fill opportunity, where a parcel of this size and quality rarely comes available within Colchester County.

The surrounding area boasts established residential communities, containing predominantly single-family developments, while the adjacent highway 102 offers easy access to commercial and industrial opportunities, and the highway 102/104 interchange which provides access to New Brunswick, Cape Breton, and Prince Edward Island.

The area of Truro is considered to be the “Hub of Nova Scotia” as it is located at the junction for several highways and rail lines. Truro features prominently with local workforces, aided by the adjacent Veteran’s Memorial Highway.

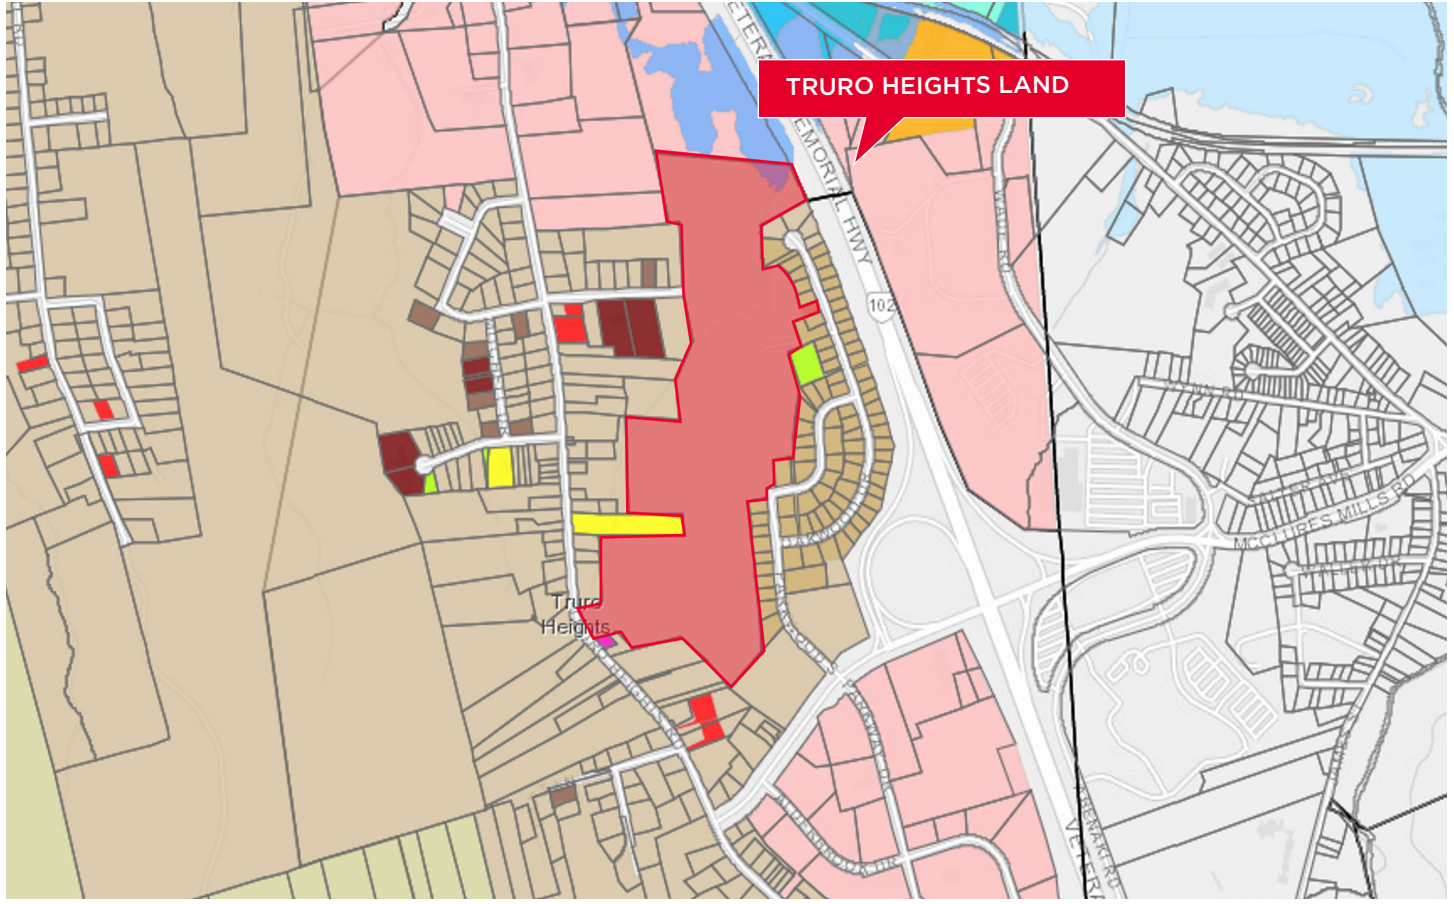

The area benefits from a short 5-minute drive (2.8km) to the nearby Truro Shopping centre, and a 6-minute drive (3.8km) from the Truro Mall with combined offerings of a variety of shops and services, including national and international retailers.

Truro Heights is just a 4-minute drive (2.4km) from Highway 102, 5 minutes from the Colchester East Hants Health Centre (3km), 53 minutes from the Halifax Stanfield International Airport (73.1 km), and a one-hour drive (111km) from the Nova Scotia & New Brunswick border.
